

## **International Workshop of Japan Association for Earthquake Engineering on the Effects of Surface Geology on Strong Ground Motion**

We announce the workshop on the Effects of Surface Geology on strong ground motion (ESG) to be held on the 24th of September 2013 at National Graduate Institute for Policy Studies, Roppongi, Tokyo. The aim of the workshop is to exchange ideas and to share the current status of the ESG research and other related subjects.

### **■Date**

September 24, 2013

※10th International Workshop on Seismic Microzoning and Risk Reduction (IWSMRR) will be held on September 25, 2013, co-hosted with Building Research Institute (BRI), National Graduate Institute for Policy Studies (GRIPS), and Japan Association for Earthquake Engineering (JAEE).

### **■Venue**

National Graduate Institute for Policy Studies

7-22-1 Roppongi, Minato-ku, Tokyo 106-8677

Tel: +81-3-6439-6000

<http://www.grips.ac.jp/en/about/access/>

### **■Organizing Societies**

Japan Association for Earthquake Engineering (JAEE)

Building Research Institute (BRI)

National Graduate Institute for Policy Studies (GRIPS)

### **■Registration Fee**

Member of JAEE	JPY 5,000-
Non-member	JPY 10,000-
Student	JPY 2,000-

### **■Banquet**

Planned September 24 in the evening. Optional payment is requested. This is the joint banquet together with the 10th IWSMRR held by GRIPS and BRI.

■Additional Information: Field Excursion will be planned on September 26 by IWSMRR. Optional payment is requested.
