

On the Publication of CD-ROM (English version) that contains the Strong Motion Data of
TEPCO's Kashiwazaki-Kariwa Nuclear Power Plant from the Niigataken-Chuetsu-Oki
Earthquake of July 16, 2007

The CD-ROM (English version) that contains the main shock and aftershock strong motion data observed at TEPCO's Kashiwazaki-Kariwa Nuclear Power Plant during the 2007 Niigataken-Chuetsu-oki earthquake will be published by the Association for Earthquake Disaster Prevention (AEDP) to be distributed on request.

Users are required to agree to the following items including the payment conditions:

1. Personal and organizational users must agree that the data, part of the data, and all copies thereof, be used only for research and operation related to seismology and earthquake engineering by the relevant personnel and organization and not be used for any other purpose or supplied or sold to any third party.
2. Users must not allow any third party to use any part of the data without the express permission of AEDP.
3. Users must promptly submit to AEDP a report of use in the specified format. When users make public the results of the use of the database, the use of the database and the organization supplying the data must be clearly stated, and two copies of their separate prints must be submitted to AEDP.
4. Users must acknowledge that the distributorship of the database system belongs to the Association and that the copyright of all data belongs to Tokyo Electric Power Company.
5. Remit the payment by *international postal money order* to the amount of **8,000 yen** or **80 US dollars** for personal use and **20,000 yen** or **200 US dollars** for organizational use. Note that a bank draft and a bank money order can *not* be accepted.
6. Send the request form by e-mail describing the "name(s) of the requestor(s), affiliation, required number of copies, purposes and subjects of data use, address for delivering, and phone and/or fax number."
7. Send the user agreement by fax after making copy the next page and filling all items.

USER AGREEMENT

For Main Shock and Aftershock Data at TEPCO's Kashiwazaki-Kariwa Nuclear Power Plant (CD-ROM)

To: Dr. Motohiko Hakuno, President
Association for Earthquake Disaster Prevention

To use

Main Shock and Aftershock Data at TEPCO's Kashiwazaki-Kariwa Nuclear Power Plant (CD-ROM).

I hereby agree to the following items:

5. I agree that the data, part of the data, and all copies thereof, shall be used only for research and operation related to earthquake engineering by the relevant personnel and organization and shall not be used for any other purpose or supplied or sold to any third party.
6. I shall not allow any third party to use any part of the data without the express permission of the Association for Earthquake Disaster Prevention (the Association).
7. When I use the database, I shall promptly submit to the Association a report of use in the specified format. When I make public the results of the use of the database, the use of the database and the organization supplying the data shall be clearly stated, and two copies of their separate prints shall be submitted to the Association.
8. I acknowledge that the distributorship of the database system belongs to the Association and that the copyright of all data belongs to Tokyo Electric Power Company.
